

Kumalo Newsletter - March 2020

Hello Everyone!!!

It has been way too long since I sent out our last newsletter. Bare with me...I've never been good at communicating so I'm going to try and do better this year.

This year has been full of so many blessings so far!

My mom and Dad came to visit us for the first time since being here in Zambia (It's been 7 years now!!!). It was just amazing having them see what we do, and experience life here with us. We all went to Chobe National Park for a day safari and were thrilled to see a huge male lion!!!! It was so awesome and a bit nerving wracking to be so close to such a powerful animal. Abuelito and Abuelita (spanish for grandpa and grandma) hope to come back again soon!!! Can't wait for that! They got to really bond with Risa, Arya and our boys here at Eric's House. It was a real special time for all of us and we will treasure the memories forever.

Our Family at the falls and Livingstone area. The kids are just growing up so fast!

For my Christmas present this year Jason and the girls surprised me with a plane ticket home to Victoria on the same flight as my parents to go meet my brother and his wife's first born baby boy, Luis!!! I cried with joy upon receiving my gift. I am so spoiled and blessed. My heart is so full!!!!!!!

Meet Baby Luis....

Risa just had her 8th birthday, where does the time go? She's growing up so fast and into a beautiful young lady who is so kind and gentle, funny (like her dad!) and hungry for knowledge and serving others. Two weeks ago she gave her life to Jesus, we are so thrilled and proud of her for her commitment to God.

Right now the house is quiet with only 4 boys, the rest are off in boarding school and or university.

Luke

Mapenzi & George being hero's!!!

Chicheba

Please help us pray for Moses:

He is struggling with advanced TB. He is currently staying at his grandmothers place in Lusaka. Please pray for healing and comfort for him as he is fighting for his life. Also for his family that is taking care of him the best way they know how.

Please continue to pray with us for more rain! It is raining here today which is much needed but we still need a lot more rain to fill our dams.

Thank you all for your love, support and prayers.

God Bless you!

Love,
The Kumalo's

IF you would like **more information about where we are working please click on the link below. It will take you to the Zambia Mission Fund page. You can find us under the “Missionary” page or “Orphan care” for additional information on The Haven.**
